Plantation Shutters**

made with pride in the USA

Southern plantation shutters...window treatments or architectural details? Whether your look is contemporary or classic, Plantation shutters by Southern Accent Shutters is the ideal choice. Delight your family and friends with these functional works of art for your windows! We custom make each shutter in our traditional Clayton, North Carolina factory. Featuring light control, insulation, privacy, and beauty, our plantation shutters are truly the perfect marriage of form and function!

Southern Accents' premium wood shutters are hand-crafted in the proud tradition of North Carolina fine furniture makers. Morticed hinges, rabbetted stiles, beaded trim and bi-directional louver closing are signatures of our finest custom product. They are simply beautiful! Choose between 2½, 3½ or 4½ inch louvers to best suit your need and look. We can custom match any color or stain.

Southern Accent Shutters is pleased to offer our new Accentwood shutter as an economical alternative for your windows. The engineered wood product is custom made and finished in one of our four standard colors. Whatever you choose, our mission is to make you another satisfied customer. The highest quality material and workmanship make Southern Accent Shutters the perfect choice for you! Demand the best – ask for locally made, craftsman quality plantation shutters by Southern Accent Shutters.
